SUMMARY

Logical and organized individual with a strong foundation in software engineering. Ability to translate business requirements into innovative software solutions. Excellent teamwork, interpersonal and communication skills. Actively seeking opportunities to leverage my skills in collaborative environments, contributing to web development and machine learning projects.

TECHNICAL SKILLS

Programming Languages :- Python, JavaScript, Java.

Web Frameworks :- React, Angular, Node.js, Next.js.

Other Tech -Tailwind CSS, SQL, Git, MongoDB, Figma, Bootstrap, Material UI

College Coursework - OOPS, Machine learning, Data structures and algorithms

PROJECTS:

STORIO- Automated Store Solutions: [GitHub](#)

Nextjs, React, Nodejs, Express, Mongodb, Tailwind, Python

- A customer-centric web application, streamlining the purchasing process, enabling secure payments, and providing personalized product recommendations
- Supports authentication functionality for user login, logout, and password recovery.
- Features to assist shop owners in inventory analysis and sales forecasting.
- Real time availability of stock and stock notification available to suppliers.

EVE- Electric Vehicle Charging Station Locator: [GitHub](#)

React, Nodejs, Express, Tailwind, Google map API

- A web application that enables users to easily find the nearest electric vehicle charging stations based on their current location and availability.
- Booking system for customers to reserve charging stations.
- Live charging station availability status and directions to changing station provided to customers

EDUCATION

- 2019-2023 - Bachelor's of Technology in Computer Science & Engineering - Government Engineering College Wayanad - APJ Abdul Kalam Technical University - **8.99 CGPA**
- 2017-2019 - 12th Standard - Kadambur HSS, Kerala - State Education Board- **94.58%**

ACHIEVEMENTS

- Presented a paper in International Conference on Intelligence Technologies in CSE (ITCES) 2023

VOLUNTEERING

- Feb 21- May 22 - Student Volunteer- Indian society for Technical Education Chapter GEC Wayanad
- Mar 21- Mar 22 - Technical Team Member- Tinkerhub Chapter GEC Wayanad
